

Financial Education Providers, updated on 2/14/07

CAAB requires all matched savings account holders to complete at least 8 hours of money management training. CAAB and several of its partner agencies host regular money management workshops that meet this requirement. If you are saving to purchase a house, a few of the agencies below offer money management training and housing counseling services, making it convenient for you to fulfill both training requirements at the same location. For more information about the financial education classes listed below, please contact the organization directly.

This resource list is constantly updated to include programs and trainings that CAAB staff are familiar with; however, if you would like to get approval to attend training at another agency or need help choosing the training program(s) that best meet your needs, please call the CAAB office at 202-419-1440.
